A giraffe with a distinctive brown and white patterned coat stands in a savanna landscape. The giraffe is positioned on the left side of the frame, looking towards the camera. The background is filled with lush green trees and bushes, with a soft, golden light filtering through the foliage, suggesting a late afternoon or early morning setting. The overall scene is peaceful and natural.

## Place of miracles

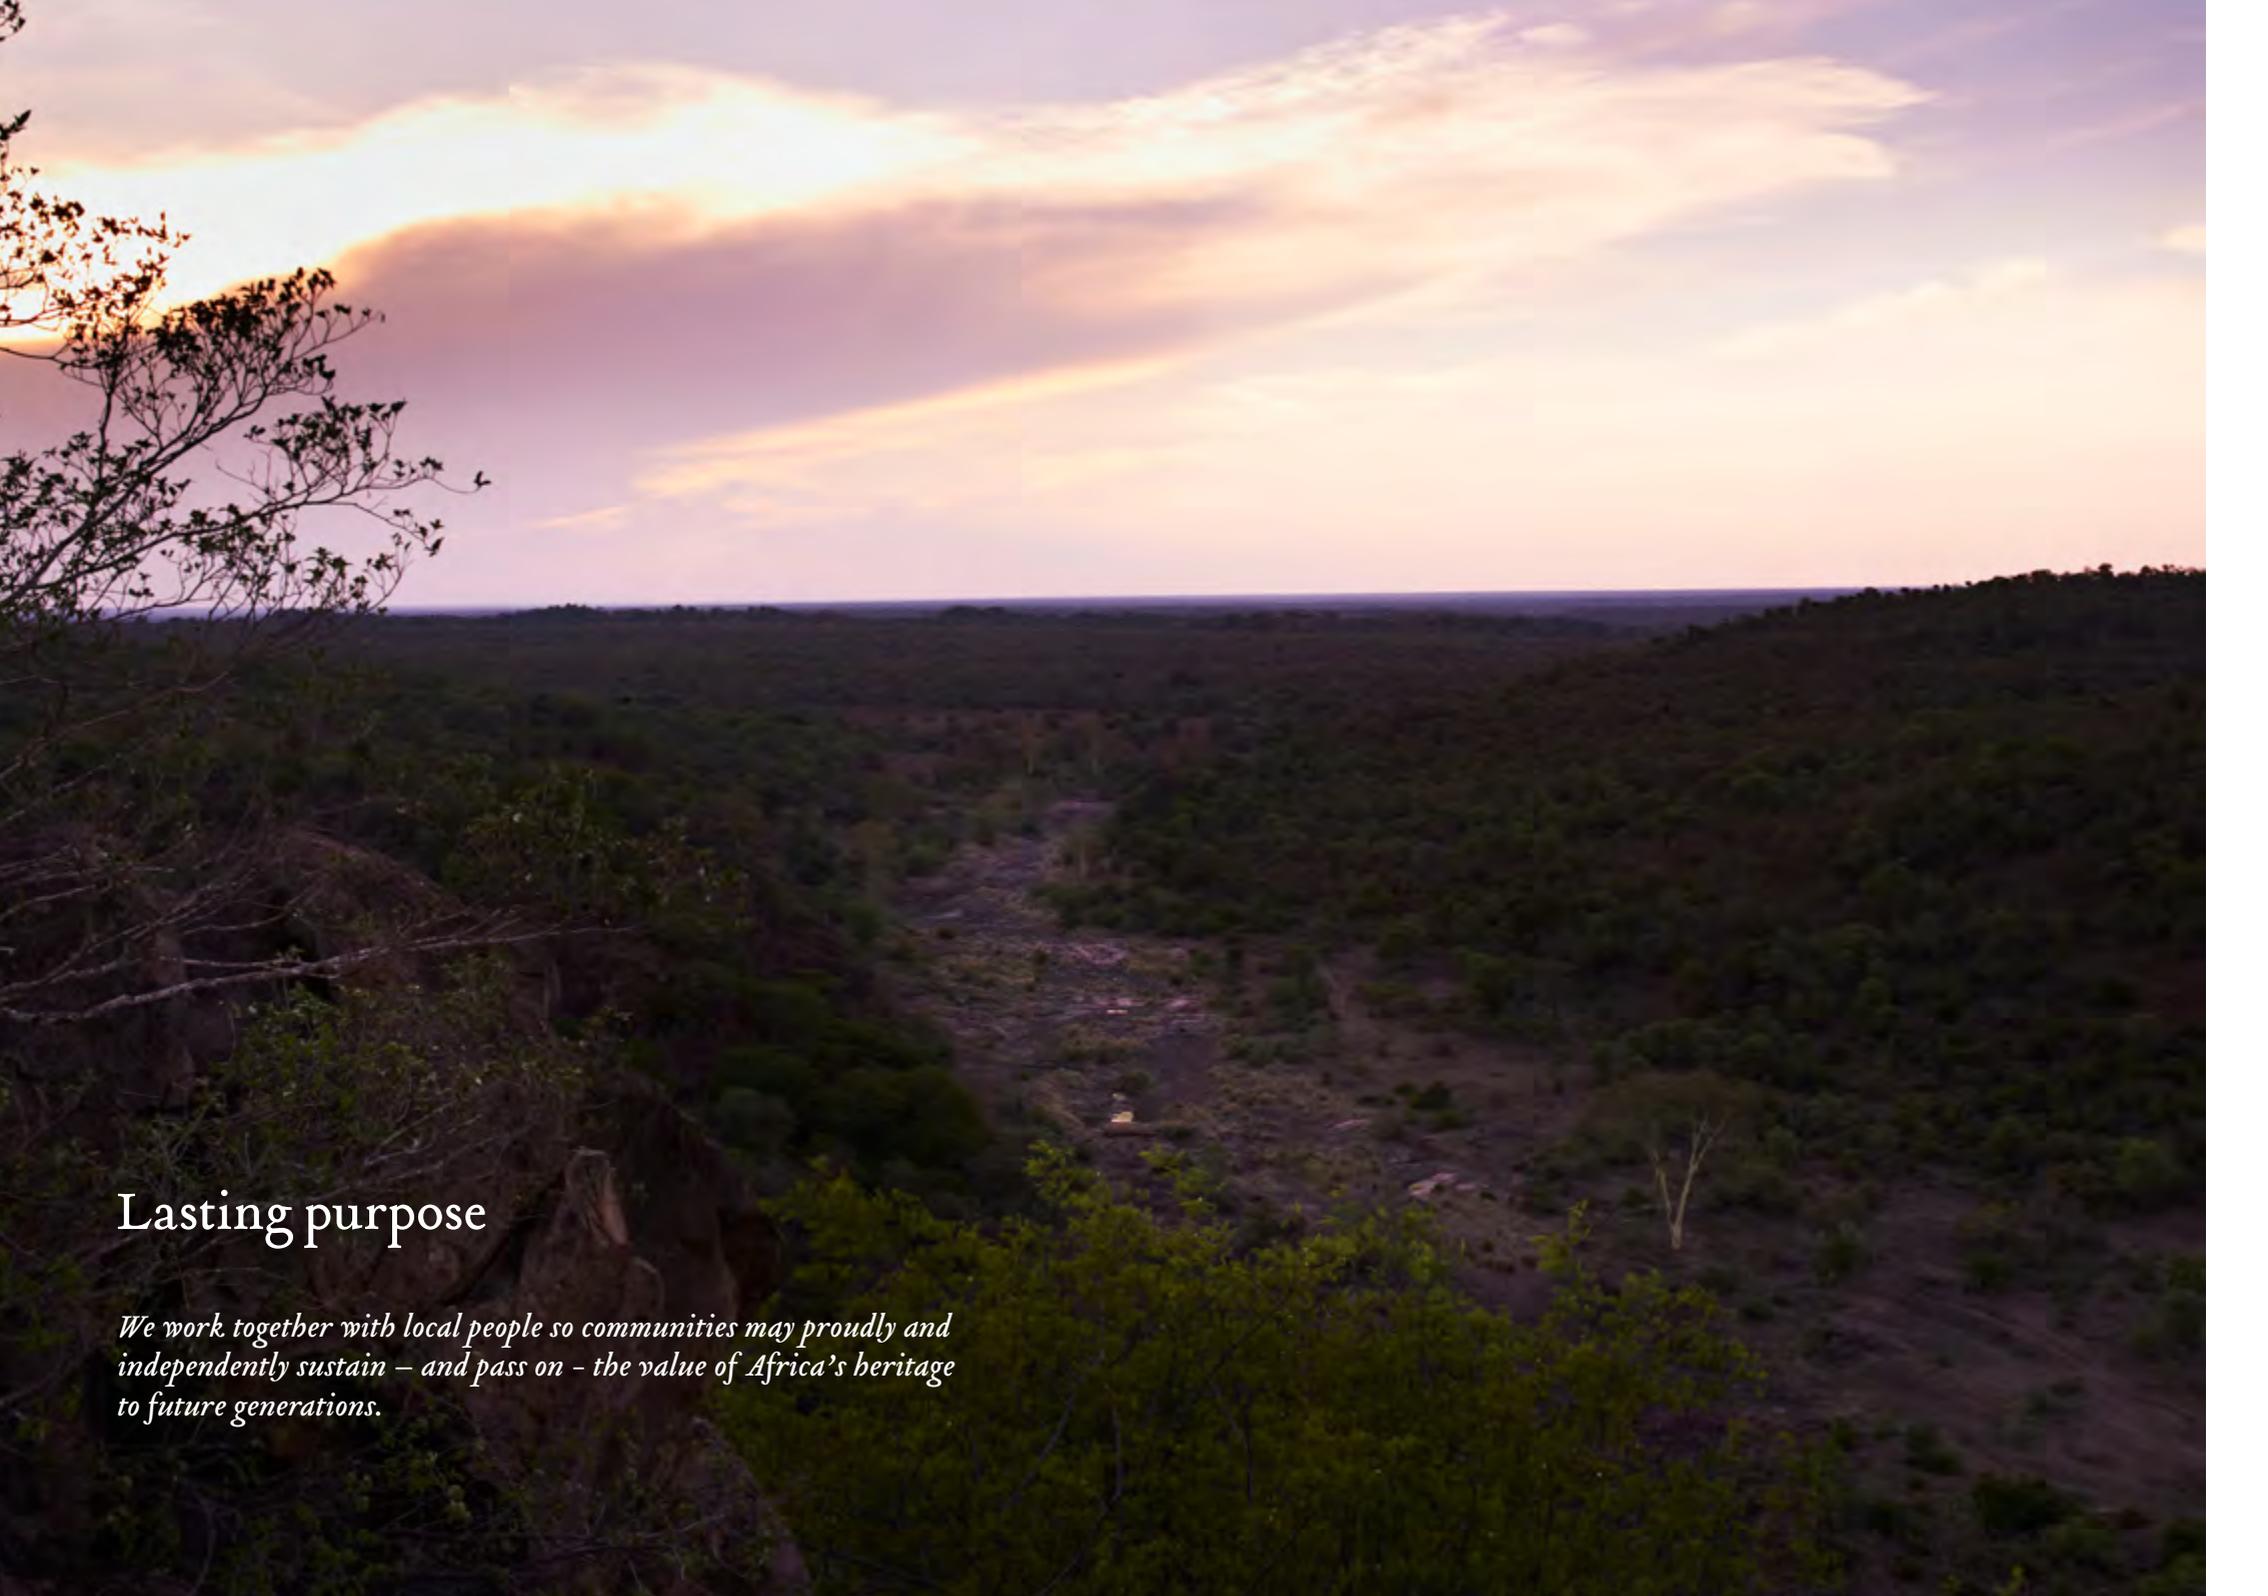

*We live in a world in which the demand for change governs a quest for progress that often treads unthinkingly on its heritage. There are places though, that still exist – wide and untouched expanses of an unchanged world – as a reminder of ageless wonder and beauty. And it was to play a part in preserving the quiet majesty of these places that Singita was created.*

*Like Bates.*

## Life in balance

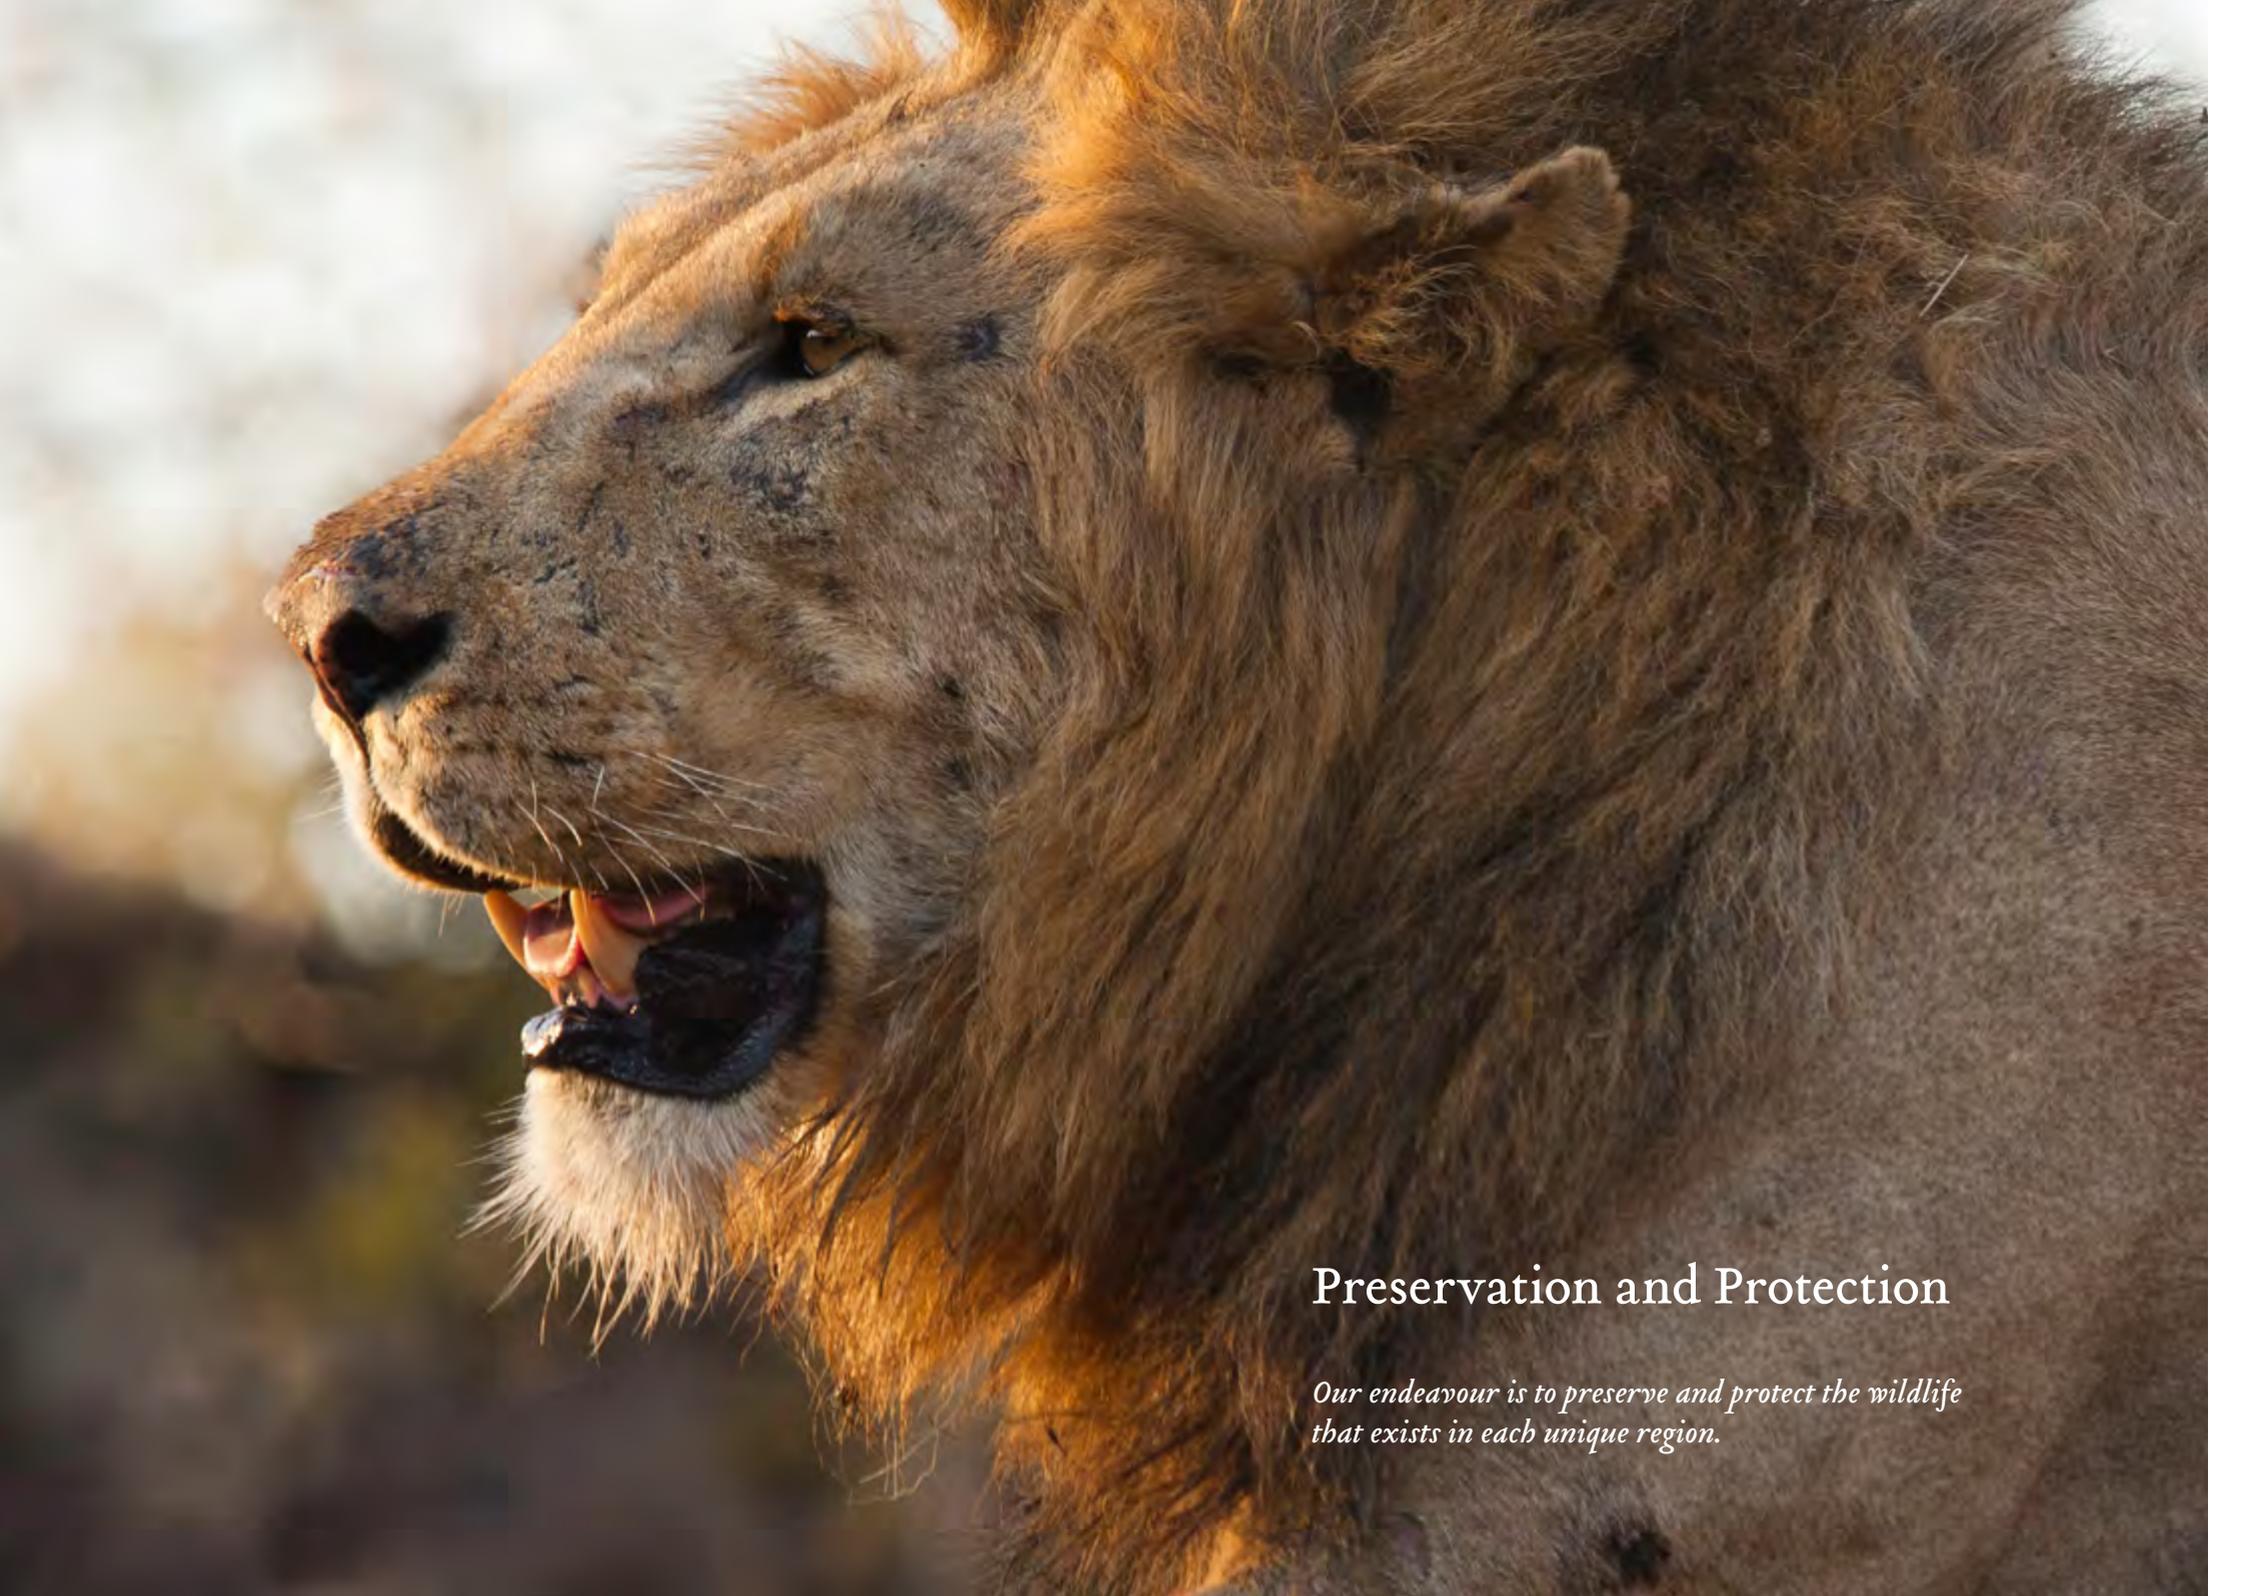

*Singita, 'place of miracles' is inspired by a philosophy of keeping life in balance. Our passion is founded upon three fundamental pillars of modern conservation, namely: preserving iconic spaces; protecting the wildlife that inhabits those spaces; and collaborating with neighbouring communities.*

## Lasting purpose

*We work together with local people so communities may proudly and independently sustain – and pass on – the value of Africa's heritage to future generations.*

## Preservation and Protection

*Our endeavour is to preserve and protect the wildlife that exists in each unique region.*

## Upliftment

*Partnering with people living in and around the lodges is an important part of our focus to promote education and independence so to create sustainability within local communities.*

## Soaring free

*Like a collection of eagles' nests perched along the rugged cliff faces above the N'wanetsi River in the far eastern reaches of the Kruger National Park, Singita Lebombo Lodge touches the earth lightly.*

# Flying high

*Beneath endless skies, stylish wood, steel and organic interiors encased in glass form a contemporary feel in the suites that overlook the river and diverse habitat.*

## Dive in

*The ethereal feel of the lodge and the expansiveness created by living between earth and sky offers an unmistakable sense of freedom.*

## Free spirited

*The option of sleeping under the stars on the suite's deck presents a restful pause to this safari experience.*

## High expectations

*Unique rocky outcrops in this area are home to a great variety of animals including the 'Big-5' and the famously large 'Mountain Pride' of lion.*

An experience in excellence

*Our skilled and experienced miracle makers fulfil the promise of an unforgettable safari experience, at every turn.*

## Modern safari

*With a renewed sense of freedom and piqued sense of curiosity, you'll find the safari at Singita Lebombo Lodge provides a life-changing adventure where your story becomes a part of ours.*

# Singita Kruger National Park

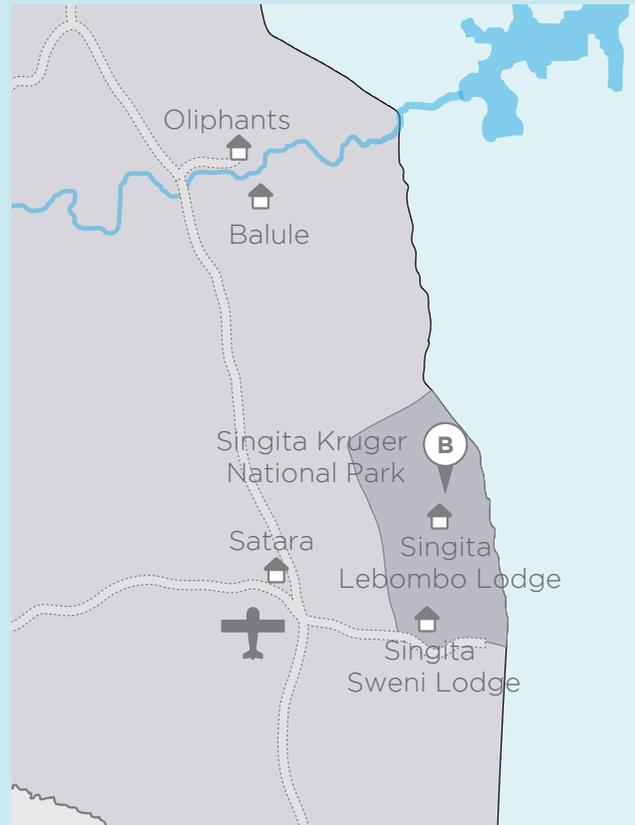

## Location of Singita Kruger National Park [A]

Singita Kruger National Park is found on the south eastern reaches of the Kruger National Park, on South Africa's border with Mozambique. Situated on 33,000 acres, this exclusive concession is one of the most incredible territories in the park and is home to exquisite selections of flora and fauna in four different eco-zones. This is where you will find Singita Lebombo Lodge.

## Location of Singita Lebombo Lodge [B]

Like a collection of eagles' nests perched along the rugged cliff faces above the N'wanetsi River, Singita Lebombo Lodge touches the earth lightly. This boldly dramatic lodge is located in the far eastern reaches of the Kruger National Park, on South Africa's border with Mozambique. Situated on 33,000 acres of pristine land, this exclusive concession is a richly diverse habitat that is teeming with game, beneath endless skies. Imaginative wood, steel and organic interiors encased in glass have created a stylishly contemporary feel in the suites overlooking the river.

## Best time to go on Safari

*Southern Africa is a year-round destination. Traditionally the dry winter months (April to October) are best for game viewing, due to the shorter grass, lack of foliage and the absence of water which forces the game to concentrate around the remaining sources of drinking water. Annual rainfall, usually in the form of short afternoon thunder showers that clear up within an hour, occur from December to March. Many species give birth to their young around the start of the rains, so the bush is alive with newborn animals.*

## Seasonal Temperatures

| Temperatures range from:    |                 |      |      |

The above temperatures are the monthly average. The absolute temperatures differ from these temperatures.

## Your Packing Guide

Cotton clothing in neutral colours is recommended for game drives and bush walks. It is advisable to avoid white and dark colours as they tend to attract certain bugs. No formal wear is required at any of our lodges.

Seasons dictate comfort and comfort dictates clothing, so we recommend that you pack as follows:

- October – April: Casual summer clothes (shorts and cool shirts) and a warm jersey/sweater for the cooler morning and evening temperatures
- May – September: Casual light clothing and a very warm parka/jacket for the extremely cold mornings and nights

It is a good idea to bring along the following items to ensure a carefree safari:

- Comfortable walking shoes/track shoes/hiking boots for walks; and sandals to wear around the lodge
- Swimming costume/bathing suits, sun block, sun hat, sunglasses, lip balm, mosquito repellent (The latter two items are provided but you are welcome to bring along your favourite brand)
- Video camera, camera, binoculars, spare memory cards

Please note that in the event of rain during a game drive, waterproof ponchos will be provided.
